T explosive nature and kill man, woman, boy  
or girl & child - and claim I.T.D and  
you are not properly dress you are out

not trained to kill in the line of duty But  
was killed by police who was trained But  
did not have protective gear on at the time  
of the incident which would make the  
victim a murder or slaughtered by use  
of deadly force and dept would be at  
fault because the victim was a regular  
person and our deputy was a trained  
killer of person understood the control  
of crime scene and the uses of deadly force.

Because Deputy Has taken down and  
Apprehended a assailant or Person W/ gun at
